HiQ - QUT APP

LOGIN

To log into the QUT App use your QUT username and password. Only those with a QUT username and password can access.

Select the “Remember me” option to have your session remembered longer.
LOGOUT

To log out of the QUT App access the Settings from the navigation menu. Then tap on the Log Out button.
To find out what version of the App you are using, open the side menu from anywhere in the App and look at the number in the bottom right hand corner of the menu.
HiQ – QUT APP

STUDENT HOMESCREEN

Real time updates at a glance with easy access to the important websites such as Blackboard, eStudent and your Email.

You can customise which tiles appear on your homescreen through the settings menu.

In case of emergency, you can contact emergency services and QUT Security via the Emergency button.
HiQ - QUT APP

STAFF HOMESCREEN

Real time updates at a glance with easy access to the important websites such as Digital Workplace, StaffConnect and your Email.

You can customise which tiles appear on your homescreen through the settings menu.

In case of emergency, you can contact emergency services and QUT Security via the Emergency button.
OLD APP VERSION

You will now be notified on the Home screen if you are using an old version of the App. This tile will remain until the latest version of the App is installed.

You can download and install the latest version of the App simply by tapping on the tile.
NAVIGATION

Get to anywhere you want to go in the app.

You can access the navigation menu by tapping on the hamburger icon (eg. three horizontal lines) in the top left hand corner of any screen in the app.

To close the menu, tap on the hamburger icon again.
MESSAGES and NOTIFICATIONS

Stay up to date with the latest notices from QUT.

You can view all of your messages at a glance or tap on them to view more details.

Messages can be deleted from the list screen by tapping on the coloured circle beside each message, and then the delete icon in the top right hand corner of the screen.

You can also customise what types of push notifications get sent to you through the settings menu.
View what classes, exams and other events you have coming up today. These events come from your HiQ calendar.

You can navigate between dates by tapping on the days of the week at the top of the screen or on today's date drop down menu (eg. Monday, 27 March 2017).

To view details of a calendar event, tap on the event coloured block.
CALENDAR

View what classes, exams and other events you have coming up that week at a glance by rotating your phone on its side. These events come from your HiQ calendar.

You can navigate between dates by tapping on the weeks at the top of the screen or on today's date drop down menu (eg. dd/mm/yyyy - dd/mm/yyyy).

To view details of a calendar event, tap on the event coloured block.
You are also able to add/edit your own personal events and assignment events. These events can be either All Day or Timed, and can repeat for a set period of time.

To add an event, tap on the green plus button in the bottom right hand corner of the screen.
MY STUDY

Get easy access to all of the study functionality within the App in one location.

You can also see a summary of your course progression and current GPA.
HiQ - QUT APP

UNITS

View your current enrolment information and get easy access to unit overviews, Blackboard resource site, booklists and more.
EXAMS

Check out when your exams are on and what you need to bring.
**HiQ - QUT App**

**Grades**

Check your final grades when they are released or your past grades and cumulative GPA in the meantime.

GOAL GPA CALCULATOR

Want to achieve a particular GPA? Calculate what GPA you need to maintain for the remainder of your course in order to achieve your goal GPA.
HiQ - QUT APP

**ACADEMIC WEEK NUMBER**

Find out how what academic week you are currently in at anytime on the Home and Unit screens, or scan ahead for future academic weeks on the Calendar screen.
WAYFINDER

Browse or search for areas of interest, services and building locations across campus.

You can get access to more details about a service or location such as:
- Directions
- Opening hours
- Contact details
- and more
SHUTTLE BUS

Find out when the next inter-campus shuttle bus is due to arrive or plan your trip between campuses for later.

You can see all scheduled times for today by tapping on the Show All Times button.

You can also plan your trip by tapping on the Plan Journey button and selecting the departure stop, whether you want to arrive before or after, and the time and date you wish to travel.
PARKING

Find an available parking space on campus and how much it will cost. You can also see the location of all parking structures on a convenient map view.

To view details of a particular parking lot, tap on the parking lot title. Details include:
- Directions
- Opening hours
- Prices
- and more
PRINT, COPY AND SCAN BALANCE

Find out how exactly much you have left on your QPS Account at any time and how many pages you can print, copy or scan.
EVENTS

Whether you are a new student attending Orientation Week or not, find out what events are happening near you. You can quickly and easily register your attendance with the tap of a button.

Event categories include: Orientation; Talks, seminars and lectures; Careers and professional development; Student life, social and wellbeing; and Study, research and learning.
GET HELP

Get in touch with QUT via a number of options such as phone or in person.

You can schedule QUT to call you by tapping on the Let Us Call You button, confirming your phone number and selecting a preferred time to be contacted.
PERSONAL PROFILE

Find and confirm all of your contact details in one spot.

You can update your contact details by tapping on the edit (pencil) button in the top right hand corner of the screen. Changes should appear in the App within a few minutes.
You will now be notified on the Profile screen if you have one or more active sanctions and restricting your ability to perform certain activities.

You can also find out how the sanction or sanctions affect you and what you need to do by tapping on the ‘More details’ link.
To provide feedback, tap on the feedback icon in the top right hand corner of any screen. You can tell us how you feel or leave a comment, or both.

All feedback will be logged for the HiQ Team to action.

Feedback can also be sent to hiq-app-feedback@qut.edu.au.

- LGB201: Pathophysiology for Health Professionals
- NSB112: Integrated Nursing Practice 1 On Campus
- NSB131: Integrated Nursing Practice 1 Off Campus

NSB102
Professional Practice and Cultural Safety

This unit focuses on establishing foundational nursing knowledge relating to the professional, ethical, social, and cultural dimensions of nursing practice that are developed further throughout the course.

The unit introduces the legislative, policy, and regulatory frameworks that underpin a career in the nursing profession. It develops knowledge, skills, and attributes that are required for professional practice as a registered nurse.
This unit introduces you to the components inside a computer and how these components work together. Modern digital electronic systems rely on embedded microcomputers in order to achieve the level of sophistication present in today’s applications. The design and development of such systems requires knowledge of the hardware and software to program the system.

This unit identifies these design requirements and lets you develop embedded microcontroller-based system solutions. In particular, the unit:
- covers computer instruction sets and the binary representation of information;
- an introduction to low-level programming in a
